MBI is a 4-week trip focused on meeting your kvutzah (age group) from all across North America, while engaging with Israel through a Habonim Dror lens. Join this immersive traveling Israel program, with peers from all six Habonim Dror North America camps. Led by madrichimot from HDNA and our partners, expect the iconic Israel experiences, from hiking Masada to exploring Jerusalem, with an emphasis on values-based education and deep engagement with dilemmas of modern Israel and the struggle for peace. This is the summer to meet your national kvutzah, share camp traditions, and make friendships that will last a lifetime!
